

Sports Premium Impact Report 2020-21

Our vision for PE and school sport is to create a culture that encourages all children to be active and healthy. We aim to promote positive attitudes towards competition, physical activity and healthy lifestyles.

For the financial year April 2020 - March 2021 Livingstone Primary School has received £17,488 to improve the quality of PE and sport. We also had a carry forward from previous years of £13,557 meaning the total was £31,045.

This funding will help develop a programme to include:

- High quality PE lessons
- Extra-curricular sports clubs
- Greater outdoor provision for all children in the school
- Mental health support for all children as needed
- CPD opportunities for staff
- Top up swimming lessons for those that have not achieved the national curriculum expectations.

This report is written to measure impact in July 2021 to reflect spending in the previous financial year.

The Covid 19 pandemic has continued to affect some of our provision and data that we would normally have provided in this impact report. It also cut short some of our provision affecting things such as participation in competitions and after school clubs and not being able to access all the swimming provision due to the lockdown and children not being in school.

Expenditure Item	Description	Cost	Impact
Tameside Active Coach	Highly skilled coach to teach all classes in school across a day.	£5333.36	All children benefitted from high quality PE lessons which provides children with the skills to competently compete in local competitions. They demonstrated a greater awareness of sportsmanship and tactical awareness. Children gained a greater understanding of the benefits of keeping healthy. Children who were recognised as having a talent were given the opportunity to further their development through competition and other coaching opportunities. The coach guided and supported teachers in providing the 'next steps' in PE to develop our children's learning and support teacher's professional development. This coach continued to attend school through the lock down and continued to provide high quality PE sessions for the children of key workers and vulnerable children.
After school sports club until 5pm	Sports club to run on weekly basis throughout the academic year. This was used to support provision in the after school club as due to enhanced cleaning we could not hold after school clubs this year		All children in the after school club were provided with additional sporting opportunities. More children were involved in physical activity for a longer time (until 5pm). Sporting ability of children improved as they practiced skills for longer. The clubs are thoroughly enjoyed by the children and positive feedback is always given about the sessions and development of skills.
Tameside Sports Partnership	Regular teacher meetings and networking for	£1000	Support was provided for the PE lead in appropriate use of premiums within the context of Covid and

	PE Coordinators. Monitoring support against School Games criteria and Ofsted criteria. A range of training opportunities for staff. Ofsted criteria training for PE Lead. Monitoring and School Games criteria and Ofsted criteria.	Cover £600	the provision of PE.
Balanceability	Balance bikes at a larger size for Reception provision along with helmets and pedal bikes. Also a bag of other balance bike equipment for teaching sessions.	£1284	Children developed a greater control of balance, gross motor and coordination skills from an earlier age. Bikes, helmet and teaching resources purchased to continue early development and implementation of programme to children for years to come.
Easter Holiday Coaches	Opportunity for children of Key Workers to be physically active during the initial lockdown was provided by Tameside Sports Coaches.	£1440	Key worker children had places in school during lockdown and were able to be physically active.
EYFS outdoor equipment for physical development	Purchase of 'Fun time playbox' which includes mini racquets, bean bags, foam balls, marking hands and feet, skipping ropes, catch cups. Purchase of floor basketball hoop. Purchase a range of outdoor balls in different sizes. Purchase of new pedal trike.	£297.91	Nursery children were made good progress in Physical Development.
	An increased variety of trikes and bikes, with bike helmets	£481.01	
Improved Gymnastic Equipment	Tables, mats and mat storage	£3,805	Lessons to teach Gymnastics will now be properly equipped meaning that teaching can be to a higher standard than previously. The impact of this will be seen next year as these were not used due to PE being no equipment in 2020-21.
Replacement Sports Equipment	Ball pump	£16.64	
Outdoor shed for Reception Physical development storage including Balance bikes	Storage hooks for balance bikes Shed Locking bolt	£308.12	Reception are able to access outdoor continuous provision as they have access to their own space and resources without crossing bubbles.
Mental health support	The school learning mentor is spending more time supporting children's mental health since lockdown	£7366	This is a part of the Learning Mentor's salary as she spends an increasing amount of her time supporting individuals with mental health problems or if the issue is beyond her experience, ensuring that children are referred to the most appropriate agency and that they get the support that they need to support their mental health.
Additional Top-up swimming for Y6 children who haven't met the National Curriculum KS2 standard + transport	Children assessed and those who have not met the standard are given opportunity to receive extra swimming lessons in curriculum time.	£675	Due to the requirement to not mix bubbles, 'Top Up' sessions were offered to the same class who went in the Autumn term as they had missed sessions in the Autumn and then due to lock down three there was not a full set of additional sessions. It was intended that a greater proportion of children leaving our school will have greater ability and confidence in water and be more aware of water safety..
'5-a-day fitness' subscription	Purchase of the school subscription for EYFS, KS1 and KS2 Children are given the opportunity to participate in some physical activity every school day. Children are encouraged to be physically active in school without relying on PE lessons	£268	Children are able to be physically active at lots of different times of the day in order to boost activity levels.
Total Spend		£22,875.04	

Carry forward: £8169.96

A large project next year will be to redo our playground markings to encourage more active playtimes. The carry forward will be used towards this.

We believe that the spending of our Sports Premium grant is sustainable because:

- The sports coach will provide children with the skills that can be transferred to a range of sports and activities that can be used throughout their lives.
- After school provision will enable more children to take in competitive sport, giving them a greater understanding of teamwork, drive and belonging that they can apply to various aspects of their future lives.
- Being a member of Tameside Sports Partnership will enable the PE lead to gain valuable knowledge and skills to move the subject forward and implement a strong PE culture for years to come.
- The 'top-up' swimming sessions will help to give the children the life-long skill of being a competent swimmer and being confident in the water. They will be more aware of water safety.
- Mental health support is able to be given early on to support children and families as and when they need it.
